Rhaetian Railway Albula / Bernina

The rail line across Albula and Bernina is a master stroke of structural engineering and route planning. Tight turns, sophisticated structures, amazing tunnels: landscape and railway in the UNESCO World Heritage RhB seamlessly blend into the environment. For some it is a voyage of discovery of the culture of trains, others enjoy seeing the trailblazing structures from up close and those eager to learn visit the railway museum.

Events at the Rhaetian Railway Albula / Bernina

Saturday and Sunday, 13th and 14th June 2020

Location	Program
Landquart	Rhaetian Railway Festival in the main workshops of the Rhaetian Railway on the theme „Railway Cultural Heritage - UNESCO World Heritage RhB“.
Bergün	Free admission and interesting guided tours of the Albula railway museum - the visitor center of the Rhaetian Railway.
Chur - St. Moritz	„ Time travel in the UNESCO World Heritage Site of the Rhaetian Railway “ - a railroad theater. Railway and theatre enthusiasts take part in a journey from Chur to St. Moritz through different eras. Special price for the World Heritage Days 2020.

Sunday, 14th June 2020

Location	Program
Poschiavo - Tirano	Heritage excursion! Guided train trip in Italian from Lake Poschiavo to the famous circular viaduct of Brusio and, across the border, to the city of Tirano.
