Swiss Alps Jungfrau-Aletsch

The “Swiss Alps Jungfrau-Aletsch” World Heritage property protects one of the world’s most spectacular mountain landscapes, home to towering massifs, unspoilt valleys and the largest glaciated area in the Alps. The area covers a wide range of habitats, from Mediterranean-style steppe to bare rocky mountaintop, and also reveals a long and fascinating human history.

Events at the Swiss Alps Jungfrau-Aletsch

Saturday, 13th June 2020
